STATEMENT OF RESPONSIBILITY – AIRSIDE GATES

APPLICANT INFORMATION	
Name of Applicant	RAIC #
<p>I undertake the following actions and requirements to ensure compliance with the Canadian Aviation Security Regulations.</p> <ol style="list-style-type: none"> 1. I require airside access through one or more of the following gates: Sargent Avenue Gate, CSB Gate, Gate#41 or Gate #46 to carry out my duties at the Winnipeg Richardson International Airport. 2. Vehicles that I operate on the airside of the gate will meet all the necessary requirements for airside operation as determined in the Airport Access and Vehicle Operation Program manual. 3. After entering or leaving airside, I will remain at the gate until it is fully closed. Should there be a fault with the gate i.e. not closing properly, I will immediately notify the Airport Operations Centre via the intercom system at the gate or by cell phone at (204) 987-9798 and remain at the location until a WAA or Security person arrives to deal with the problem. Security will be dispatched immediately so delays to drivers will be minimal in these circumstances. 4. While the gate is open, I will monitor it to ensure no other vehicle, person or wildlife goes through the gate. Each driver must use his or her own RAIC to enter or exit airside. I understand that both vehicle tailgating or driving away before the gate is fully closed are considered violations. 5. If I am escorting another vehicle(s), I must notify the Airport Operations Centre via intercom prior to entering airside. 6. If I am carrying other persons in the vehicle, I will ensure that all people have airport restricted area passes or visitor passes to allow them to be airside at Winnipeg Richardson International Airport. 7. I will abide by all signs or other instructions posted or otherwise implied that pertain to passage through the gate and I understand that pedestrian access is not permitted. 8. I acknowledge that these terms may be subject to change by Winnipeg Airports Authority and that changes will be communicated to me by various means such as facsimile, email, regular mail, posters and signage at the gate. 9. Non-compliance with any of the above conditions is subject to enforcement action. This could include suspension or revocation of airside access privileges and RAIC as well as a monetary penalty. <p>I acknowledge these conditions and agree to abide by them accordingly.</p>
